

Spivey Jewelry & Fashion's
5th Annual Spring Fashion Show Fundraiser
to benefit
First Call Pregnancy Center
Tuesday May 9, 2023
Festival Hall
Greensboro, GA

How It Started:

Hello, my name is Melinda Spivey from Greensboro, GA. As part of a home school lesson, my daughter Sarah and I made a visit to our area pregnancy center. For years, we supported their mission with donated items. This particular visit proved to be the catalyst to changing our support for First Call Pregnancy Center from a peripheral involvement to a committed partnership. As a result, my family has been blessed in supporting the mission of FCPC and the center has benefitted from their expanded profile in the community, resulting in financial contributions which have allowed them to expand their services to meet the need.

Inspired by our visit that day, Sarah and I began organizing fashion show fundraisers four years ago, with all proceeds going to FCPC. Attendance has grown each year to over 180 with cumulative proceeds of over \$50,000.

What is FCPC?

FCPC is a 501©(3) charitable organization which serves the rural area of Greene, Putnam, Morgan, Hancock, and Taliaferro counties. They receive no government or public funds and are solely self-supporting. They have been open since August 2005 with the mission of helping women in the community. They strive to partner with schools, doctor's offices, local agencies, churches, and the general public regarding ways to help women who find themselves in an unplanned pregnancy and/or parents who would like information on how to take care of their child. FCPC has become a vital resource in our community, profoundly affecting the lives of the client families they serve.

We are asking for your help to increase this amount to support the much-needed services provided by FCPC.
